

A window on GI's world

Q

App Qualivita

The first App dedicated entirely to Italian and European PDO, PGI and TSG agri-food products and to international Geographical Indications for Food, Wine and Spirits.

News, publications of the Qualivita Foundation and the QUALIGEO.EU journal always to hand. Simple and educational, with a geographical map allowing you to view the key information for each nation.

News

News from all over the world, catalogued by geographical area, publication date and category: International agreements, Italian Agriculture – Mipaaf, Climate and food alerts, Legal aspects, Events, Expo 2015, European PDO, PGI and TSG products, Worldwide GI and Other Products.

Books

Allows for the free consultation, in PDF format, of all the Qualivita Foundation's publications: Atlases, Guides, Encyclopedias and Reports.

QUALIGEO.EU

You can consult, in PDF format, all the issues of the scientific journal, QUALIGEO.EU *Journal of Geographical Indications in Europe and worldwide*.

4 PDO, PGI and TSG updates
Thanks to the special function of Push Notification you can receive real-time news on PDO, PGI and TSG products and on new European registrations.

A new view of the Geog

For more than ten years the Qualivita Foundation has been promoting quality agriculture. In collaboration with the European Commission, it has realised two new information tools dedicated to European products and to Geographical Indications all

The QUALIGEO.EU journal and the App Qualivita offer a 360 degree view of the GI world, directed at all stakeholders: from large-scale retail, mass-media, organisations and public players and consumers, NGOs and international

A flexible editorial system of information and encourage

Attention has been dedicated to the valorisation of the sector's main organisations, the Foundation dedicated entirely to European PDO, PGI and TSG products over the world.

...alivita for Ipad allow for a constantly updated...
